ACADEMY OF TECHNOLOGY

Experience

August 2021 - Present Tata Consultancy Services | Assistant System Engineer knowledge Engineer

I am working for digitate which is a product based company & I am working for the product Ignio AIOPS. I try to reduce manual intervention for Ops and Mons Team, and for the tool ops team. I handle alerts & incident generated on service now. I handle alerts & incident generated by enterprise landscape network. I handle network devices also so that We monitor their network landscape for any enterprise that they do not face any kind of fault or business issues during their work hours Reducing noise from their business tasks.

April 2021 - June 2021 Tata Consultancy Services | As Intern Developer

I did one remote internship in TCS under Accelerator brand of the project of Campus Commune on web application build. Their I worked on multiple tools techs such as for designing I learnt figma, Photoshop. Languages I learnt javascript, Node.Js, React.Js. I had bit knowledge of HTML & CSS so it was easy to grab those.

Certificate
